Dear Jerry:

I really hate to bother you again, but I must close the file we have on this individual. As I indicated previously, we do have information that Mr. Getman was arrested in October of 1988, for sexual abuse of boys. We would like the outcome of that legal action.

Apparently, Mr. Getman had not been registered with the Boy Scouts of America for quite sometime; but whenever someone who has previously been active is accused of any crime, we do like to place them on our file so they cannot register in the future.

I am enclosing an Ineligible Volunteer Record Sheet which I would like to have completed to the best of your ability.

Please give us some information concerning this or we will have to drop the file.

Sincerely,

Dear Jerry:

We have had previous communication concerning the above named individual. Originally, I received a phone call from LaVerne Gaugler indicating this person had been charged with sexual abuse of boys and he had been arrested in October of 1988.

We have never received anything from your council, since that time and we talked in early summer and you indicated you had never heard of Douglas Getman. Is there some way in which you can check the records related to Flessels, NY. Apparently, from what I found out the Hiawatha Council indicates this town is in your council territory. Apparently, there must not be any scout troop in this particular community.

If you cannot get us any further information at this time, we will just have to drop this whole matter, since we cannot keep somebody on the file to stop registration, unless we have some definite proof that they have done something wrong. We certainly do not want to damage anyone's reputation unless we have the substantiating information.

Thanks for your help in completing this matter.

Dear Don:

I hate to bother you again, but I really need some more information concerning the above named individual. We originally received a telephone call indicating that the man was born in 1932 and lived in Plessis, NY. It was, also, indicated that he was registered previously with the Boy Scouts of America.

Since he apparently has now been arrested for sexual abuse of boys, we really need a little more material in order to place him on our confidential file and make certain he does not try to register in the future.

I am enclosing a record sheet which I would like to have completed if you could find someone who knows Mr. Plessis and could do that for us. We would also like any copies of newspaper clippings or court records which would substantiate his arrest and, perhaps, his conviction by this time.

Thanks for your help in this matter.

Dear Don:

I really need your help concerning a matter on which I have very little information. A phone call came to our office indicating that a man by the name of Douglas Getman was arrested for sexual abuse of boys. This arrest took place on October 28, 1988.

Since Mr. Getman was at one time registered with the Boy Scouts of America, we wish to place him on our Confidential File. I, therefore, would like more information concerning the matter. Perhaps, you have newspaper clippings or court records which would substantiate this arrest and maybe an outcome. These would be most helpful to us.

I am also enclosing a Confidential Record Sheet which I would like to have completed, so we could identify Mr. Getman. Any information you could place on this would be most helpful for our files.

Thanks for your help in completing this matter.

Last October, we received a call from the Scout Executive indicating that the individual named above had been arrested for the sexual abuse of boys. He lived at Star Route; Plessis, New York.

I am enclosing a Confidential Record Sheet which I would like to have completed, so we can identify Mr. Getman should he attempt registration in any other location. We would also like to have this completed to the best of your ability.

If legal action has now been completed we would like to have copies of newspaper clippings, court records, or other material which would substantiate his arrest and conviction. This would enable us to refuse registration in the future.

Thanks for your help in completing this file.

Dear Verne:

Thank you for calling us on October 31, 1988, related to the above named individual. You indicated that this person lived in Plessis, New York, and had been arrested for sexual abuse of boys. You also indicated that more information would come to our office.

We do not find anything additional in our files which would help us to substantiate the arrest of Mr. Getman. We would also like to have the outcome of the legal action if it has been completed. Newspaper clippings, or court records are most helpful.

Please complete the enclosed confidential record sheet, so that we can identify Mr. Getman. A copy of a paper with his signature would also be most helpful as it aids in the identification process.

Let us know if you can complete this at this time, since we would like to close this file.

Dear Verne:

This confirms our telephone conversation of January 24, concerning the above named individual. We are enclosing a Confidential Record Sheet which we would like to have completed with as much information as is available.

The only thing we will need for this case is a copy of any newspaper clippings which indicate the arrest, the trial, the conviction if this occurs, and the sentencing. This would then give us what we need to refuse registration should he attempt it, at any time in the future.

I understand that Mr. Getman has not been registered for many years, but you never know when he could move to another council or try to register in some other location. We want to make certain we protect the youth of America.
